## Application Process & Requirements

The Nursing AAS-T at LWTech has admission requirements beyond those necessary for general admission to the college. Please follow all directions in this application carefully. Failure to comply with the process described within may result in disqualification from the admissions pool for this program.

Please allow adequate processing time for all documents and transcripts you need to submit to LWTech. In order to create a fair selection process, we will only consider application packets to be complete when they include all the necessary official transcripts and other documents and have met the stated deadline. **We do not contact applicants who have missing documents.** Only students with completed applications will be considered for admissions to the LWTech Nursing Program. It is the student's responsibility to make sure all requirements are met and all required documents are received for the application.

### New Applicants

**Step 1:** Apply for admission (online or in person) to LWTech to receive your Student ID Number (SID) - [lwtech.edu/admissions](http://lwtech.edu/admissions)

**Step 2:** Attend a nursing information session or complete session online. LWTech lists session dates online at [lwtech.edu/nursing](http://lwtech.edu/nursing)

**Step 3:** After completing all application requirements, fill out the nursing application here and submit. For questions on the admission process, email [selective.admission@lwtech.edu](mailto:selective.admission@lwtech.edu)

### Re-Applicants

If you previously applied to the Nursing program and would like to re-use documents, please complete the application and make sure to complete the re-applicant tab
